

**Cowichan Bowman
Field Course - Winter League Shoots**

Winter League usually runs from late October through to the end of March on certain Sundays. Check website for up-to-date days of shoots, or shoot anytime, in groups of 2+, and record your scores on the wall chart in clubhouse.

Time: Practice – 9:00 Scoring – 10:00

Cost: Free to Cowichan Bowman and members of other clubs

Format:

One round of the 16 target field course - known distances
3 arrows per target; Total arrows= 48; Max score = 288

Groups:

Should be kept to a max. size of 4; Two people shoot at a time.

Stand within one meter of the stake, both feet behind the stake. One archer in each pair shoots the entire round on the left side of the stake and the other shoots on the right. In a group with 3 archers, the third archer is the second pair, and he/she shoots from the left side. If there is room, all archers may shoot at once.

One pair will start the shooting at the group's first target butt. Pairs then alternate shooting first for the entire round. (hint – if a pair starts on an odd numbered butt, they will always shoot the odd number butts first. On the even numbered butts, the other pair will always shoot first).

Which target to shoot:

20 cm targets: In the first pair, the left archer shoots 1, the right archer shoots 3. The second pair shoots 2 & 4.

40 cm targets: The first pair shoots 1 and 2. The second pair shoots 3 and 4.

Double 60 cm targets: The left archer in each pair shoots 1 and the right archer shoots 2.

Scoring:

X ring = 6 points Each ring out = 5, 4, 3, 2, 1
