

### **30-30/60-90 Barebow Challenge**

The 30-60-90 Barebow Challenge is on us. The aim of this internal informal challenge is to give all club members who use Barebows an opportunity to meet and compete against your fellow shooters. At the kickoff, a number of very useful conversations suggested that, for many, shooting sixty (60) arrows is quite daunting, and as a result some changes to the challenge is warranted.

To address these concerns and to make the challenge more open to all shooters the 30-60-90 Barebow Challenge will now be call the **30-30/60-90 Barebow Challenge**. Shooters, of all ages, can now shoot either thirty (30) arrows or sixty (60) arrows, whichever they decide. It remains open to all club members at no cost except for your own time and efforts.

Scoring is very similar to the annual mail match competitions. Scorecards for either number of arrows are available inside the clubhouse right of the door. Targets (122cm) are also available just inside the clubhouse door to the right. Just complete them and put it in the right hand slot.

Though an individual challenge, making up teams to shoot together of all ages is entirely correct. The intent is to have fun for all shooters.
