

30-60-90 Barebow Challenge

The 30-60-90 Barebow Challenge is upon on us. It does not matter if you are a currently avid Barebow user, or you may have to dust-off your bow before you use it again. The intent of this internal challenge is to give all club members who use Barebows an opportunity to meet and compete against your fellow Barebow shooters.

The 30-60-90 Barebow Challenge started on 1 May, ending on 31 July of this year. Open to all club members at no cost except for your own time and efforts.

The 30-60-90 Barebow Challenge scorecards are inside the clubhouse right of the door. Targets (122cm) will be available on an outdoors target stand starting 1 May or indoors by the scorecard box. There is no need for new targets for each shoot.

The intent is to have fun for all. Though an individual challenge, making up teams to shoot together of all ages is entirely correct. The intent is to have fun for all shooters.

There will be kickoff shoot on 4 May starting at 09:00hrs depending on the weather. Look forward to seeing you there.

Questions? If you have questions check the club website or call Mark Baker at 250-882-3220 or at mbaker.security@gmail.com
